From

The Commissioner Corporation of Bangalore

No. A U P R 8/51-52 Dated 26.11.51

Requires the information called for

3) The Commissioner has sent a copy of Bye-laws which were in force in the erstwhile Bangalore City Municipality Regulating the use of places for locating gold and silver working and for the installation of power driven machinery or is perhaps under Bye-law 6 that the Chief Inspector of Factories was requested to be consulted for the installation of motors of above 2 HP

4) After the formation of the corporation under the Transitional provisions order issued in No. L 5319/CP 49-49-2 dated 2-12-49, the Bye laws for the use of places for working Gold and Silver and for installation of power driven machinery framed under the Mysore City Municipalities Act has been made applicable to the entire City of Bangalore excluding the civil area

5) Hence what ever might have been the procedure adopted in the Civil area prior to the Corporation, the City Bye laws

flag 'y

5698/mt

licences for the installation of Motors above 2 H.P —

have been operative in the said area also & under the Transitional provisions order after the incorporation of the Corporation of the Inspector of Factories has not been consulted for issue of licences for power driven Machinery above 2 H P in the said area as in the city there the Constabulary in occasion

6) The procedure laid down in Sec 297 (2) 302 of the Corporation Act in this behalf would, in the circumstance, become applicable only after fresh Bye laws are framed by the Corporation and the old Rules and Bye laws are annulled

7) If approved, the matter with the proposed accordingly

8) The Law Secretary may also, perhaps be consulted for his Remarks

LETTER ED - U O file No 72-3455/534 Dated 3rd November

50 In this connection, I invite reference to the circular letter No F2-6/45-46 dated 3-12-45, issued by the Director of Industries and Commerce when he was the Chief Inspector of Factories Presumably the issue of this circular was necessitated by the practical experience gained in this behalf by the Factory Inspectorate and it was found desirable that the local authorities should consult the Inspectorate even in cases of power installations, though they did not come under the definition of 'Factory' It was common knowledge that many a time the potential occupier of a factory would begin with a small number of employees and gradually add on different units of production which would eventually develop into a factory By the time it attracted the attention of the Inspectorate, it would be a full blown factory located in an unsuited building and with ill-planned erection of machinery and little care for industrial safety Under these circumstances, the Occupier feels it a great hardship if the Inspectorate were to insist that the building should be changed after remodelling the plan I think it is with a view to avoid all such contingencies that the Department felt the need for previous consultation with the Inspectorate I may add that even the public demand that such a procedure is very salutary (vide petition dated 15th September 1952 from Sri Rajasaheb, Mysore)

51 I may further invite reference to my letter requesting Government to notify certain categories of concerns as factories under Section 85 of the Factories Act for the reasons stated in that letter If these premises are notified as factories then previous consultation with this Department becomes all the more desirable

52 For these reasons of principle, I am not in favour of discontinuing the present practice But on account of the

(P T O)

SECRETARY TO GOVERNMENT 7 NOV 53 LAW DEPARTMENT

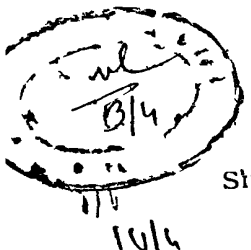
The Secretary to the Government of Mysore,
Local Self Government Department,
BANGALORE



Sir

SUBJECT - CIRCULAR NO F 2 GENL 50-51 DATED 31-1-51 INTIMATING G O NO L S 3696/ L W 13-48-6 DATED 17TH JANUARY 51 APPOITTING LABOUR COMMISSIONER IN MYSORE, AS THE CHIEF INSPECTOR OF FACTORIES

-OoO-

I write to state tht the procedure hitherto in vogue regarding grant of licenses for installations of above two H P in the City are is to forward such applications to the Director of Industries and Commerce for opinion regarding the suitability of the premises after satisfying ourselves that the place s suitable, and licenses are granted after the favourable opinon from the Director of Industries and Commerce and Chief Inpector of Factories

As per Government Orer quoted above, such applications arex now being forwarded o the Labour Commissioner, who is appointed as the Chief Inpector of Factories

Applications for powe installations in the Civil Station area are not sent to the Chief Inspector of Factories for opinion, as such a procedie was not existing in that area, and the same procedure is ven now adopted

P T O

It does not appear to be necessary to seek the opi of the Chief Inspector of Factories in every cas gran of licenses for installations above 2 H P capacit s many them do not come under the Factories Act The above proced therefore seems to be superfluous and involves lot of delay in disposal of papers It is better, that opinion of the Chief Inspector of Facto ies is suggest only in cases where Factories Act could be made applicable and only such applica forwarded to him for opinion Cases which do not come under Factories Act may be dealt with here alone without consultin the Chief Inspector of Factories

In this connection the Director of Industries and Comme had written to this office in No F2 (6)44-45 date 9-6-1950 requesting us to put a condition in our license before granti them to parties making them liable to pay certain charges to that Departmn for having given their technical advice in the matter reply was sent to him informing that such a condition cannot be incorporated in the license as per our Municipal rules and no further correspondence was receive

I request you kindy to take necessary action in the matter

Forwarded with compliments

MAYOR

Yours faithfully

COMMISSIONER

SUBJECT - CONSULTATION OF LABOUR COMMISSIONER IN THE MATTER OF GRANTING LICENSES FOR MORE THAN 2 H P ELECTRIC MOTORS.

--oOo--

With reference to the correspondence ending with your letter No L 1348 dated the 14th May 1951, on the above subject, I write to state that the procedure regarding the grant of licens for installations of Electric motors in the City area of the Corporation was being governed by the bye-law 51 (1) b (VII) (pages 162-169 of the Bangalore City Municipality bye-laws)

The procedure is also laid down in the Corporation Act under sections 297,298,299,300,301 and 302 wherein it is said that only the cases wherein Factory Act could be made applicable need be consulted with the Labour Commissioner and Chief Inspector of Factories to Government

A copy of the bye-laws 51(1) b (VII) of the Bangalore City Municipality is herein enclosed for favour of reference

C&G 2032 - Notice- dated 15th January 1940, from the Municipal Commissioner, City Municipal Offices, Bangalore

---

The inhabitants of the Bangalore City Municipality are hereby informed that the byelaws framed under section 51(1) (b) (vii) of the Mysore City Municipalities Act of 1933 for regulating the use of places for locating Gold and Silver boiling and for the installation of power driver machinery and sanctioned by Government in Their Order No L 3256-9-Ml 70-38-30, dated the 26th October 1938, will come into force with effect from 15th February 1940

---

## Chapter XI

Byelaws relating to the use of places for boiling gold and silver and or the installation of power driver machinery, framed under section 51(1) (b) (vii) of the Mysore City Municipalities Act of 1933

---

1 No person shall use any place for boiling gold and silver or for installation of machinery driver by power or otherwise for any purpose except under and in accordance with the conditions of a license to be obtained in this behalf from the Municipal ~~Commissioner~~ Council issued by the Municipal Commissioner

2 (a) Any person using or desiring to use any place for any of the above purposes, shall apply to the Municipal Commissioner, in writing, for a license The Municipal Commissioner, ~~in writing grant~~ may either grant or refuse any such license

(b) When the Municipal Commissioner refuses the grant of license, he shall give reasons therefore and an appeal shall lie to the Municipal Council from such order of refusal

3 No license shall be granted for a period exceeding one year and every license shall be granted so as to expire with the official year but may be renewed on application for a similar period

4 Every application for license under these byelaws shall be in the form shown in Schedule "A"

5 a The license granted under Byelaw No 2 shall not be transferable either as regards the person to whom it is issued or the place for which it is granted

(b) It shall be in the form shown in Schedule "B"

(c) The license shall be affixed in a glass frame in a conspicuous place in the business premises to which it relates

6 This license shall not exempt the licensee from taking out any license which he may have to take out under the Factories Act or other Acts or Rules thereunder.

7 Whenever it is shown to the satisfaction of the Municipal Commissioner that any place licensed under Bye-law No 5 is a nuisance to the neighbourhood, or is likely to be dangerous to the life, health property or whenever the conditions specified in the license are being strictly observed, the Municipal Commissioner may suspend or completely revoke any license granted under the above byelaws, provided that suspension or revocation of the license shall not be deemed to exempt the licensee or any other persons from liability to a prosecution under these byelaws and provided further that such suspension or revocation shall be made only after an opportunity is given to the licensee to show sufficient cause why such suspension or revocation should be effected

Any contract which the licensee may have entered into with the Municipal Department for the supply of power for definite period shall not bar for the suspension or revocation of the license

SIR

Subject Grant of licenses for more than 2 H P Electric Motors

---

With reference to the correspondence ending with your letter No 1031 dated 30th November 1953 on the above subject, I write to state that as per procedure in vogue all application for licenses of more than 2 H P electric motors are being forwarded to the Labour Commissioner and Chief Inspector of Factories in Mysore, for furnishing his opinion in the matter of issuing such licenses A number of these cases do not come under the purview of the Mysore Factories Act 1936 This procedure involves correspondence and delay in the disposa of license papers and also unnecessary work to the Inspector of Factories It was therefore suggested in my previous letter that only such cases which come under the purview of the Mysore Factories Act 1936 will be referred to the Chief Inspector of Factories and all other cases be dealt with by the Corp-oration itself The provisions under section 298 of the Corporation Act in this behalf had been taken into consideration while making the original reference These provisions will be observed while dealing with the license applications in this office

I therefore suggest that the existing procedure followed may be changed and the Chief Inspector of Factories may kindly be intimated about it

Forwarded with compliments

(H S Seetnaram,)
MAYOR

To

The Commissioner CCA
(Through the Mayor)

Subject: Grant of terms for more than 2 1/2 Electric meters

Sir,

With reference to the correspondence ended with your letter No A & P R 5/51-52 dated 12.1954 on the subject I am directed to state that Sec 298(4) of the Corporation Act clearly says down that

WD 0316—GPB—10000—14-8-53

Before granting permission under
Sub Sec 3), the Director shall
if more than one woman
are proposed to be simultaneously
employed at any time on the
factory, obtain the approval
of the Inspector of Factories appointed
under the Mysore Factories Act 1936
Therefore whatever may be the practice
if it is necessary upon the Dept
to consult the Inspector of Factories
if a license is applied for erecting
a factory where more persons or more
can be employed the Inspector of
Factories whose duties has to be
prior consultation with the time before
a license is issued. is also necessary
that Dept should have an objection
to the grant of license on the ground
concerning hours in respect of these
rules and the Factories Act may be taken accordingly

To

The Commissioner,
Corporation of the City of Bangalore,
(through the Mayor)

Sir,

Subject:- Grant of Licenses for more than 2 H P Electric Motors.

With reference to the correspondence ending with your letter No A 4 P R 5/51-52 dated the 1st February 1954 on the subject, I am directed to state that section 29d(4) of the Corporation Act clearly lays down that before granting p rmission under subsection (3), the Commissioner shall, if more than nine workers are proposed to be simultaneously e ployed at any time in the factory, obtain the approval of the Inspector of Factories appointed under the Mysore Factories Act, 1936 Therefore whatever may be the practice, it is incumbent upon the Corporation to consult the Inspector of Factories, if a license is applied for erecting a factory where nine persons or more will be employed The Inspector of Factories states that prior consultation with him before a license is issued, is very necessary, but he has no objection to the grant of license without consulting him in respect of flour mills and rice hullers Action may be taken accordingly

Yours faithfully,

(Sd )
